

STOCHASTIK RHEIN-MAIN

Sebastian Andres: Local Limit Theorems for the Random Conductance Model | Martin Slowik: Random walks among random conductances as rough paths

Rhein-Main-Kolloquium

Date: 14.06.2019

Time: 15:00–18:00 h

Number

95

Speakers

Sebastian Andres, University of Cambridge

Local Limit Theorems for the Random Conductance Model

Martin Slowik, TU Berlin

Random walks among random conductances as rough paths

Place

Uni Mainz, Institut für Mathematik, Raum 03-428

Johannes Gutenberg-Universität Mainz, Staudingerweg 9, 55128 Mainz, Deutschland

Organizing partners

Technische Universität Darmstadt, Goethe-Universität Frankfurt am Main
